

Fly Fishing

There are places on earth that can stun even the most experienced of anglers. This is such a place. Wade into our 7 miles of private tailwater brimming with rainbows, browns and cutbows. Cast your line and with the first strike, you may never want to leave.

4UR

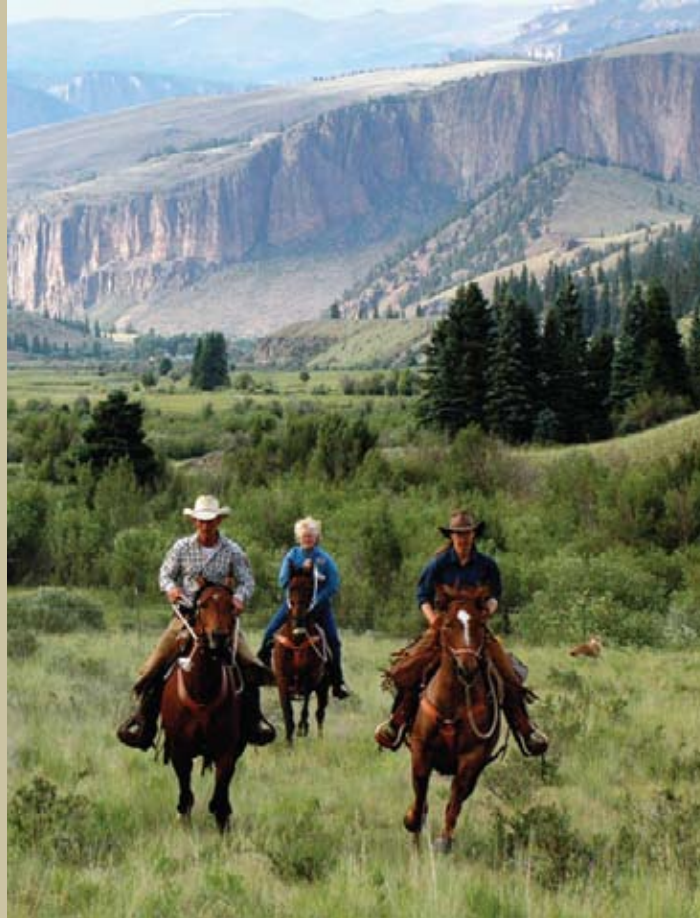

Horseback Riding

Horseback riding at the 4UR is the ultimate Western experience - one you and your family will never forget. Our Natural Horsemanship Program welcomes riders of all ages and capabilities, so saddle up that sense of adventure and let's go riding!

Golfing

If you choose a five wood over a five weight, play a round at the spectacular Rio Grande Club, a previous winner of Golf Digest's top ten new courses.

Activities

Whether fly fishing on our private tailwaters, galloping through meadows, shooting trap or sporting clays, hiking, swimming, mountain biking, relaxing with a massage, or just soaking in our natural hot springs, the 4UR has something for everyone. If it's a little shopping you're looking for, take a quick trip to near-by Creede, designated one of the "100 Best Small Art Towns in America" and home to the Creede Repertory Theatre, a winner of the National "Outstanding Theatre" Award!

Dining & Lodging

The 4UR was designed in 1906 by acclaimed British architect Thomas MacLaren as a luxurious Spa Resort. Today our rooms provide tranquility and comfort in this spectacular setting.

Whether it's steaks sizzling on a grill under a cookout tent or succulent rack of lamb with great wine in the Lodge, your dining experience is our highest priority.

Kid's Program

Looking out over the arena during our weekly Kid's Rodeo you may see your son become a cowboy, or your daughter win a sack race with her new best friend. Our Kids Counselors enthusiastically teach your young ones everything from horseback riding to hiking to fishing to group games. And it all takes place in a setting so grand, and so good for the soul, your children will take with them the gift of a lifetime - a love for the great outdoors!
